Xerox DocuTech 6180 Book Factory

FOR PERFECT BOUND BOOKS

DIGITAL
THE DOCUMENT COMPANY
XEROX

Perfect bound books... automated, affordable, profitable.

Your total digital book publishing solution.

The Xerox DocuTech 6180 Book Factory with DigiPath Production Software is an innovative print on demand solution that enables you to offer new digital book publishing services with maximum end-to-end productivity.

DocuTech with DigiPath adds more value to every job by allowing you to capture more

pages and produce books more efficiently, ensuring customer satisfaction and loyalty.

It is one comprehensive solution that manages, stores, personalizes, customizes, prints, reprints, distributes and publishes documents on demand in the right quantity, the right format, anytime and anywhere.

By partnering with world leaders in the finishing industry, Xerox brings you a total digital online solution designed to keep pace with your customer's demands. The Book Factory allows you to capture new revenue and profit by expanding both your digital printing volume and your production capabilities.

Scan, Makeready and Electronic Submission

- Flexible submission via the network or electronic media for books already in electronic form (PostScript, PCL, and TIFF files).
- Scanner transforms hardcopy into digital formats for editing and manipulation.
- Enables exporting of files in PDF or JPEG for viewing on the World Wide Web.
- Adds value to documents with powerful features including signature and two-up imposition, cut and paste, deskew/despeckle, page numbering, tab programming, headers/footers and merge/import.
- High productivity allows for increased volume and decreased prepress cycles.
- External elements can be processed using Preps Software by Scenic Soft to yield subset signaturization for sewn books.

Web Viewing and Submission

- Allows for submission of new jobs and reprints.
- Convenient uploading of source files, PDLs, PostScript, PDF and images with job tickets.
- Fast, easy, convenient browsing, viewing and downloading of high quality files for proofing and printing.
- View web, select and download PDF files.

Hardcopy is scanned

Electronic documents are submitted via the web

Digital print-ready files are sent to the DocuTech 6180

Document Library

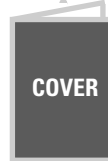

- Archiving Index capability allows for time-saving file retrieval.
- On-line document management for increased productivity.
- Uses existing customer storage systems, protecting equipment investment.
- Flexible, modular, scaleable.
- True distribute and print workflow.

Multiple Storage Devices

- Removable for flexible storage.
- Highly reliable.
- Unlimited storage capacity.
- RAID for fast, online access.

Color covers are printed

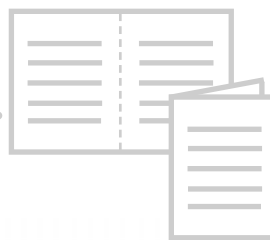

Xerox Color Printing

- High quality, 600 dpi full-color printing of book covers and spines.
- Versatile paper handling enables a full range of paper weights and sizes.
- Simultaneous duplexing.

Black & white signatures are printed

Signatures are rotated, perforated and folded

Cover and signatures are perfect bound

Excess is trimmed—document is finished

Xerox DocuTech 2000 Series 6180 Production Publisher

- Production-class print engine that outputs 180 pages per minute at an impressive 600 dpi.
- Can be programmed to digitally manage 4-up images on a larger parent sheet of paper.
- Automatic 2-sided printing—key to overall book production speed.
- Cut sheet printing enables automated finishing of complex documents—covers, tabs, and inserts can be preprogrammed and inserted into the job inline.
- Eliminates the need for manual collation
- Overall speed and flexibility allows for enhanced book production offerings.

CP Bourg Perforate, Rotate and Fold Module

- Perforates, rotates, and folds single sheets of paper online for tighter, more professional binding.
- Creates finished documents from 5.5" x 8.5" to 9" x 13".
- Produces 4-page signatures from a single sheet of paper, increased productivity by lowering imaging costs.

CP Bourg BB 2005 Perfect Binder

- Perfect binds collated signatures into books.
- Mills spines, applies adhesive, affixes Xerox wraparound color covers.

Additional options for other feeding and finishing applications

CP Bourg Online 3-Edge Trimmer

- Performs 3-edge trimming online for high-quality, professional finish.

Roll to Cut Sheet Feeders... saving time and labor

Rolls Systems Inc. DocuSheeter

- Allows continuous feeding of up to 50,000 sheets without reloading.

Hunkeler SF-4

- Allows continuous feeding for up to 20 hours of uninterrupted productivity.

XEROX DOCUTECH 2000 SERIES

Xerox DocuTech 6180 Book Factory

FOR PERFECT BOUND BOOKS

Your business... powered by DocuTech

At Xerox, our mission is to help leverage your considerable investment in digital technology by offering complementary products—like the Xerox DocuTech 6180 Book Factory—that make your DocuTech Production Publisher(s) even better, faster, and more productive. It's what we expect of ourselves at The Document Company, and more importantly... it's what you expect of us.

Backed by the worldwide resources of The Document Company, Xerox

We back your Xerox DocuTech 2000 Series 6180 Book Factory with an award-winning, world-leading service and support organization that keeps you up and running and provides ongoing application expertise. Our advanced service technology gives you greater control over uptime, and minimizes the number and duration of service calls.

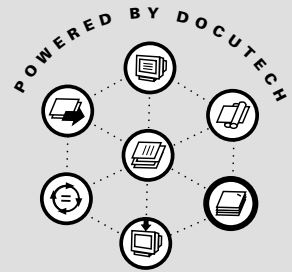

And as a final testament to our commitment, we offer the unmatched peace of mind of the Xerox Total Satisfaction Guarantee.

Good for your business, good for the environment

Xerox provides the technology to deliver finished documents with fewer resources, less pollution and less waste than traditional printing methods. It's part of Xerox's global commitment to protecting the environment, and the health and safety of our customers, employees and neighbors. Safeguarding our environment not only makes good sense—it's good business.

Expanding your power to print on demand

The Document Company is ready to help you gain greater control over your operational costs. To help you increase profitability and customer satisfaction through innovative applications and services that appeal to a wide range of customers in the book printing industry. Together, we can take your power to print on demand to new levels of productivity.
